

Providence has been pleased to give this one connected country, to one united people, a people descended from the same ancestors, speaking the same language, professing the same religion, attached to the same principles of government..."

JOHN JAY, 1778 SUPREME COURT

- Republicans, comprised mostly from White Christians who belong to the authentic American culture that built this nation, versus diverse Democrats comprised of Non-European peoples that dislike White Christian culture, unsurprisingly, strongly disagree on these two poll statements.

The entertainment industry backed by individuals with a cultural Marxist agenda have waged an attack upon the consciousnesses of white Christians. To further obliterate any remaining racial instinct among our people, those who hate white Christian civilization have chosen to desecrate anything which might cause a stirring of loyalty and heritage in the heart. They say Christianity must go and they say nationalist pride must go.

From changing the names of schools, streets, avenues, stadiums, libraries, etc. to Martin Luther Kingto the toppling of Southern monuments, anything which has the potential of causing a white person to swell with pride is forbidden. Yes, the world has indeed gone mad when you cannot even be proud of your ancestors. Even the American flag is being held with disdain in many parts of the country. The U.S. 9th Circuit Court has ruled that schools can ban the U.S. flag if it is found to be offensive to non-white Hispanic students or others of color.

We are here to unite our people and to raise a standard in the land even while the demographics are against us. Our people must develop a will to survive and understand the racial nature of the battle we are in. Those who hate our people and Western Christian civilization have the support of people like George Soros; pumping billions into schemes to reduce and replace white populations. This is the replacement theory in action.

The Knights Party is forward-thinking with a sound strategy and solid long-term goals. We believe we have an effective program that will resurrect our beloved nation and Constitutional principles; a New America will be reborn in the midst of our people's darkest hour.

MULTICULTURALISM = BALKANIZATION

India and Pakistan, Myanmar, Nigeria, Rwanda, Yugoslavia, Austria-Hungary, Ottoman Empire, Soviet Union, Ukraine, all countries that have experienced violence and break-up or potential break-up of their countries because of multiculturalism. History proves time and time again that multiculturalism equals violence and fractured, divided societies. **This is the inevitable path of our country**, America, if we do not build communities that are united and built on a common culture, religion, and ancestral homeland.

THIS IS WHY THE DEMOCRATS DESPISE AMERICA AND WANT AN ENDLESS FLOOD OF NON-EUROPEANS. THEY WANT OUR COUNTRY TO FRACTURE, AND THEY HATE OUR FOUNDING FATHERS FOR BUILDING THIS COUNTRY AS AN EXCLUSIVE LAND FOR CHRISTIAN EUROPEANS. (NATURALIZATION ACT OF 1790)

"An unrelenting stream of immigration, nonstop, nonstop. Folks like me who were Caucasian, of European descent for the first time in 2017 will be in an absolute minority in the United States of America, absolute minority. Fewer than 50 percent of the people in America from then and on will be White European stock. That's not a bad thing. That's as a source of our strength."

-President Joe Biden

"The goal of abolishing the white race is, on its face, so desirable that some may find it hard to believe that it could incur any opposition other than from committed white supremacists... Make no mistake about it: we intend to keep bashing the dead white males, and the live ones, and the females too, until the social construct known as 'the white race' is destroyed."

-Noel Ignatiev 1940-2019

THE FRACTURING OF AMERICA, OR BALKANIZATION, IS INEVITABLE IF THIS DOES NOT OCCUR

History presents example after example of what happens to a country when the dominant group finds itself in competition or conflict with other groups within the country. The inevitable result that occurs, if the groups are not allowed increased autonomy from each other, or that a strong system of localism is established, is that the country fractures into multiple more racially or culturally homogenous countries. With Austria-Hungary, the Ottoman Empire, and Yugoslavia serving as examples. Even more importantly though, are the modern day racial or ethnic conflicts which could be resolved through increased localism or states' rights, countries such as India, Nigeria, Myanmar, or even the United States that has been experiencing consistent race riots ever since the Civil Rights Era to the now popularly named Black Lives Matter movement would be benefited.
